TORRE CIVETTE

The Estate and the Tower

In the Tuscan Maremma, where the sea embraces the land, Torre Civette rises - a sixteenth-century watchtower.

A witness to five centuries of history and a guardian of ancient legends, the tower presides over a landscape that has remained untouched, where nature is not just a backdrop but the very essence of the place.

Nestled within the Bandite di Scarlino, a protected area of extraordinary natural value, the estate forms a natural amphitheater sheltered by hills and open to the salty breath of the sea. Here the light is more intense, the wind purer. The fragrance of Mediterranean scrub blends with the sea air in a continuous harmony of the senses.

Today, the tower no longer looks to the horizon to defend - It looks to welcome. It welcomes those who seek authentic beauty, who wish to listen to the slow voice of history whispering through the leaves, who long to immerse themselves in a place where time truly seems to stand still.

Nature and Terroir

At Torre Civette, every natural element interacts with the others. It is in this perfect interplay that our terroir is born - a complex and living ecosystem, where sea, wind, light, earth, and man work together to create a unique identity.

The Tyrrhenian Sea is more than a backdrop: it is an active presence, shaping the contours of the vines with its marine breezes. Its proximity moderates the climate, enriches the wines with freshness and minerality, and provides balance.

Biodiversity is the final voice in this natural symphony. Holm oaks, strawberry trees, cork oaks, and wildlife that populates the woods and field edges. And she - the owl - silent queen of these Tuscan nights.

The vineyards, the wines and olive oil

At Torre Civette, nature expresses itself with strength and generosity, protecting and enhancing the geometry of vineyards and olive groves, which, in perfect and defined lines, create a map of the landscape balanced between order and freedom.

Cultivation is carried out with careful attention to the coexistence between vineyard and natural environment. The vineyards blend harmoniously into the existing landscape, preserving the original structure of the territory and respecting the presence of Mediterranean scrubland and olive groves.

This approach helps reduce environmental impact and highlights the pedoclimatic characteristics of the area, promoting a balance between cultivation and biodiversity.

TORRE CIVETTE

Toscana igt Rosso
cabernet franc

Torre Civette: Tuscan elegance

A refined, pure Cabernet Franc. Torre Civette embodies Maremma with elegance and depth. This flagship wine of the estate reveals the strength and grace of the region's landscapes and aromas. Its character reflects that of the land producing it: sincere, austere and luminous all at once.

It is perfect with pappardelle al ragù, including game ragù, with a creamy black truffle risotto, and is best paired with mature pecorino cheese or blue cheese with character. It can also be surprisingly good with rich dishes or slow-cooked meals, rich and aromatic stews such as braised lamb shank.

Served at 16-18°C in a large glass, it fully reveals its noble complexity.

CIVETTA BRAVA

Toscana igt Rosso
syrah | cabernet sauvignon

Civetta Brava: Tuscan versatility

Civetta Brava combines energy, freshness and pleasure, recounting the most authentic Tuscany with a young, immediate and captivating style. A dynamic expression of Tuscany, ideal for expanding your offering and winning over a diverse audience.

This is a versatile and harmonious red wine, perfect for a wide range of dishes: it enhances rich appetizers, mixed platters with crusty bread and light sauces, everyday dishes such as pasta with red sauces, savoury white meat main courses and roasted poultry. Perfect with Cacciucco (a Tuscan fish dish also praised by Pellegrino Artusi, who describes the two variants from Livorno and Viareggio in his famous 1891 book "Science in the Kitchen and the Art of Eating Well"). Don't miss pairing it with gourmet pizza.

Served at 16-18°C in a tulip glass, Civetta Brava expresses its pleasure and harmony at its best.

CIVETTA in ROSA

Toscana igt Rosato
syrah

Civetta in Rosa: Tuscan Radiance

Civetta in Rosa embodies the brightest and most immediate side of the Tuscan Maremma: an elegant, fresh and contemporary rosé wine combining the personality of Syrah with the sea breeze.

A dynamic and refined wine, designed to complete the Torre Civette range with a versatile and food-friendly option, perfect for social occasions and modern, creative cuisine.

This is a characterful rosé wine surprising in its balance and finesse. Served chilled, at around 10°C, it best expresses its savory notes and is ideal as an aperitif; served at a slightly higher temperature, between 12 and 14°C, it reveals more pronounced fruit notes and becomes a perfect wine to accompany a full meal.

This wine pairs naturally with the seafood cuisine of the Tuscan coast.

When served in a tulip-shaped glass, Civetta in Rosa best expresses its elegance and vibrant freshness.

OLIO EVO

Olio extravergine di oliva
Italiano

Olio Civette: The essence of Maremma, drop by drop

A versatile and precious condiment, it adds a touch of Maremma that elevates the simplicity of a slice of bread and authentically enhances traditional Maremman, Italian, and international dishes.

With bold and elegant herbaceous notes and a vivid green color, it delivers generous, fruity flavors to the palate, with a fragrant aroma that intensifies with every taste.

A complete Tuscan Maremma experience

Torre Civette welcomes guests who wish to experience the Maremma in an authentic way, nestled among vineyards, olive groves and a Mediterranean scrub, located just a few minutes from the sea. In this corner of Tuscany, every experience inspires you to chill out, go for a walk, take a swim, listen and find a deep connection with nature: guests can lodge in an exclusive farmhouse in the Maremma, book the location for weddings and private or corporate events, or enjoy wine tourism experiences in Tuscany, such as tastings and guided tours.
